

NAPA NRP Explained

The NAPA Rewards Program is a program designed to help NAPA players achieve discounts on their NRP entry fees for the NAPA tour stops and national events. Player NRP entry fees at all tour stops and national events are based on the total number of matches each player has played in their local leagues in 8-ball, 9-ball, 10-ball, 7-ball, 9-ball Pro, 10-ball Pro or Fast 8 **one year prior** to the start of an event. Matches played in Singles leagues, Team leagues, Scotch Doubles leagues and Scotch Triples leagues all count towards a player's NRP.

1 local NAPA match = 1 NRP Point.

Each player's level of activity is categorized by color much like Karate belts. The more matches a player plays, the lower their NRP entry fee is for a NAPA event.

NAPA tournament matches do not count towards a player's NRP, only league matches count.
